Claude for SDG · Tested

I asked Claude for Ghana's water figure.

Memory 38%. Database 42.9%.

CLAUDE · NO SKILL, NO TOOLS

"From memory, the latest figure I recall for Ghana is about 38% of the population using safely managed drinking water services. That comes from the WHO/UNICEF Joint Monitoring Programme (JMP) estimates for around 2022."

Tested

For Kenya it gave a range. The database has no value.

CLAUDE · NO SKILL, NO TOOLS

“a good deal lower, somewhere around 30–40%, for safely managed”

SDG GLOBAL DATABASE
