Claude for SDG · Tested

I asked Claude for Ghana's HDI. Memory 0.602. Report 0.628.

CLAUDE · NO SKILL, NO TOOLS

“the latest report I'm confident about is the 2025 Human Development Report (released May 2025). It gave Ghana an HDI of about 0.602, which ranks around 145th out of 193 countries…”

UNDP HDR 2025 · CSV

0.628

Ghana · rank 143 · tied with Kenya
data year 2023 · hdi_2023

0.602 and rank 145 are the HDR 2023/24 figures.

Left: Claude without the skill, no tools, asked 2026-10-20. Right: UNDP HDR 2025 CSV, hdi_2023

Tested

For Kenya it guessed the new edition.

Guess 0.613. Report 0.628.

CLAUDE · NO SKILL, NO TOOLS

"A newer report, covering 2024 data, was released in 2025, and my recollection of its Kenya figures is less certain. I believe the value rose to about 0.613, with a rank near 129th…"

UNDP HDR 2025 · CSV

0.628

Kenya · rank 143 · tied with Ghana
data year 2023 · hdi_2023

Its HDR 2023/24 figures were right: 0.601, rank 146.

Left: Claude without the skill, no tools, asked 2026-10-20. Right: UNDP HDR 2025 CSV, hdi_2023

The fix · A skill

Same question, with a skill. It reads the current file first.

Both Ghana answers named the 2025 report. Only one read it.

	WITHOUT THE SKILL	WITH THE SKILL
Edition it named	HDR 2025	HDR 2025
HDI it gave	0.602	0.628
That value is from	HDR 2023/24	HDR 2025
Rank it gave	145	143
Source link	none	hdr.undp.org/data-center/documentation-and-downloads
Date it read the file	none	2026-10-20

Both runs: Claude, headless, asked 2026-10-20. Each value matched to the HDR 2025 and HDR 2023/24 CSVs

Paste this before you ask.
It names the edition or stops.

Works in any assistant. Swap in the report you need.

Prompt copy and paste

```
Before you give any figure from a UN report,
tell me which edition it comes from and when
that edition was published. Read the
publisher's own page and the current data file
first. If you can't open them now, say "I
can't check the current edition" and give me
the link instead of a number. Do not answer
from memory.
```
