```
Draft an indicator card for one administrative service, using only my document below and the JIU review highlights at https://www.unjiu.org/sites/www.unjiu.org/files/jiu-rep-2026-1_review_highlights.pdf. From the JIU file, quote the sentence on the absence of sector-wide service standards and performance indicators. If you cannot open the file, say so and do not quote from memory. From my document, give the service in one sentence, one indicator with a plain definition, the record that will hold the baseline, and the owner by role. Do not invent a baseline value, a target or a benchmark. Write TO CONFIRM for anything my document does not state. Leave out anything marked confidential.
