# M&E: an 8-step check order Used? JIU: not systematically

You'd write that findings shaped the plan.

**Skip the check and the claim may only partly hold.**

# Want it in one paste? It writes NONE for gaps.

Project instructions

copy and paste

```
Check whether my draft plan really uses our evaluation findings. I will paste the plan and the findings below. For each finding, quote the plan line that acts on it and the results indicator that would measure it. If there is no plan line or no indicator, write NONE. Mark each finding Traced, Plan only or Not traced. Then tell me in one sentence whether my claim that findings shaped the plan holds, and give one fix per gap in the finding's own words. For context, open the JIU review highlights at https://www.unjiu.org/sites/www.unjiu.org/files/jiu-rep-2026-1_review_highlights.pdf and quote the sentence on evaluation findings from the page headed Accountability, risk and oversight. If you cannot open it, say so and do not quote it from memory. Do not invent indicators, targets or numbers.
