Claude Automation Builds **for UN Work**

UN sitrep desks: 7 steps, one audit.

One sitrep forward, checked against ST/SGB/2007/6. Skip it and Claude answers from what most offices do.

Claude Automation Builds for UN Work Tested

I forwarded a sitrep. Claude found 5.1(c).

Left is Claude without the skill. Right is Claude with it.

“Probably not, though your organisation's rules decide it. I can't see your handling policy or how SITREP-EXAMPLE is marked.”

Claude Automation Builds **for UN Work** Copy this

Paste into a Project. It quotes the bulletin.

Project instructions copy and paste

```
Check my distribution list and copy log for <product>
against the UN Secretary-General's bulletin
"ST/SGB/2007/6" on information sensitivity,
classification and handling, at
https://documents.un.org/api/symbol/access?
s=ST/SGB/2007/6&l=en&t=pdf. Use only that bulletin
and my document below. Quote the lines on standard
distribution lists, the special registry and
duplication. For each recipient, say whether they are
on the standard list, who authorized the copy, and
whether it is in the registry. Then give me a clean
list and copy log with roles and document IDs only.
If the bulletin does not open, say so and do not
answer from memory. Do not repeat any report content.
<paste list with names replaced by roles>
```
